EDUCATION

Father Saturnino Urios University

Butuan, Philippines

Bachelor of Science in Information Technology

May, 2026

Honor/Activities: Served as a Student Assistant in the Information Technology Data Management (ITDM) Office. Completed a capstone project involving the development of a task-based mobile application called PALIHOG, designed to connect students with on-campus income opportunities and support services.

EXPERIENCE

Student Assistant | Information Technology and Data Management

July 2022 – Present

- Provided consistent administrative and technical support in a fast-paced academic IT environment over four (4) years.
- Assisted with basic troubleshooting, networking, system-related tasks, and proper handling of digital and physical records.
- Communicated effectively with staff and students, ensuring concerns were addressed professionally.
- Maintained confidentiality, accuracy, and reliability while balancing academic and work responsibilities.

IT Intern (OJT) | Office of Civil Defense CARAGA

Jan 2026 - April 2026

- Assisted in the development and modification of the Records Unit Management System used for internal document tracking.
- Supported digital document organization and records management to maintain accurate and accessible information.
- Conducted testing and validation to ensure system updates function correctly.
- Collaborated with supervisors to implement improvements to the organization's internal system processes.

UI/UX Design Assistant | Innovation, Data Empowerment & Analytics

Jan 2025 - May 2025

- Contributed to the UI/UX design of DIOSys, a web-based management system developed to support the operational and data management needs of the Diocese of Butuan.
- Assisted in designing user interface layouts using tools such as Figma, supporting efficient data handling, clear workflows, and intuitive system navigation.
- Applied user-centered design principles to support efficient data handling, ensuring that information is organized, accessible, and easy to manage within the system.
